Ed Parker is Senior Grandmaster Ed Parker’s son. Choosing not to rely on name recognition alone, though, Mr. Parker has built a career and a following of his own in the community. He has been featured in Black Belt Magazine and has done seminars worldwide. As a martial artist, he has focused his talents on creating innovative learning tools and visually dynamic art pieces for his community. He is also responsible for close to 1,000 portrait renderings of martial artists. During the past 20 years Mr. Parker has taught, lectured, produced, published, written, illustrated, designed, choreographed and acted in various Martial Arts related areas and has a Black Belt in American Kenpo Karate.

We’ve been training with Al McLuckie for several years now. We’ve brought him back because he’s an amazing instructor with over over 30 years of extensive training and research in Filipino, Chinese, Indonesian, American and Indian Martial Arts from some of the world’s foremost masters. Al was exposed to Russian Systema in 1998, and then certified to teach the System in 1999 by Vladimir Vasiliev. His training is ongoing. He reached the rank of Advanced Instructor in Serrada Escrima under Grandmaster Angel Cabales. He has conducted seminars for Search and Rescue International and Lethal Forces Institute. There will be 4 blocks of instruction with Guro McLuckie this weekend. You don’t want to miss this.
